### TAXES ON HOMESTEADS.

There are several judgments in the District Court of this county in favor of the City of Jefferson for taxes on real estate situated in said city. Most of these judgments are against homesteads and there is an idea prevalent that a homestead cannot be sold for taxes. To disabuse the minds of these people I cite the following law: Article 16, section 50 of the constitution of the State of Texas reads as follows: "The homestead of a family shall be, and is hereby protected from forced sale for the payment of all debts, except for the purchase money thereof, or a part of such purchase money, the taxes thereon, etc., etc." This is made statutory law by the Legislature. "Article 2401 of Sayles Civil Statutes.

The constitution says further: Article 8, section 13: "Provision shall be made by the first Legislature for the speedy sale of a sufficient portion of all lands and other property for the taxes due thereon . . . and the conveyance to the purchaser . . . shall be held to vest a good and perfect title in the purchaser thereof subject to be impounded only for actual fraud; provided that the former owner shall within two years from date of purchase of his deed have the right to redeem the land upon the payment of double the amount of money paid for the land." Another provision has been made by the Legislature to carry out the above mandate of the constitution under title 104 and especially chapter 5, and 5a of title 104 of the civil statutes. Article 5232 of chapter 5a, above referred to, authorizes cities and towns to proceed against delinquents the same as for state and county taxes.

Now to all whom it may concern: I hereby give you notice that unless the judgment referred to is satisfied at once I will carry out the law as above mentioned. Provision has been made to purchase this property when placed upon the market, and I warn one and all that if said property is allowed to be legally sold the purchaser will, at the expiration of two years, bring an action of trespass to try title and you will be dispossessed of your home. Please do not allow a little stubbornness, etc., to rob you of your property. This is no idle talk. I mean every word of it and the city council is behind me to see it carried out. Very respectfully,  
M. W. Neavis.

## Paint Which Lasts

Painters, and all others who understand paint, know that white lead and linseed oil make the best paint. Good, lasting paint cannot be had if either pigment or oil is adulterated. Many of the so-called white leads sold now-a-days have barytes, rock-dust, silica, gypsum, etc., in them, and little real white lead.

Linseed oil is also frequently adulterated. Such mixtures are dear at any price.
